

SOAP Progress Note Example

S: Subjective:

Client states, "I've been feeling really anxious and stressed lately. I'm having trouble sleeping and feel on edge most of the time."

O: Objective:

Client appeared visibly tense and fidgety. Reports poor sleep, only 3-4 hours per night. Affect anxious, speech rapid.

A: Assessment:

Client presenting with symptoms of anxiety.

Increased stress due to work and relationship issues.

P: Plan:

Discussed relaxation techniques.

Encouraged client to practice deep breathing exercises and start journaling.

Plan to meet weekly to monitor progress.
